

## All Hands to the Pumps

Pictured is CRN80 on the Tuesday trip to Hawes going through the spray station on the Mallerstang road, these spray stations were set up to combat Foot & Mouth and all at Cumbria Classic Coaches would like to thank DEFRA for hundreds of free bus washes!

## Low Flying in the Mallerstang

Lady in Barclay's Bank, Kirkby Stephen, being asked what her first experience of flying abroad on holiday last week was like.

She replied "You know the trip to Hawes on those old creaky buses run by Classic Coaches- it was just like that".

Eat your heart out - B.A.

## Rare Vehicles Wanted

We have been asked on several occasions to find unusual vehicles for filming weddings and promotions e.g. a half track for Heartbeat, Wallace and Gromit's mode of transport, a Fire Appliance for a wedding - Don't ask!!! So we have now decided to form a database of unusual and rare vehicles for hire and put it on the Web. If you have are interested - get in touch.....

## Website Discussions

We have now got a programme for the website called Newswire (purchased from Idevresources, c/o Lindsey Annison, Anthony's girlfriend, if anyone out there also wants it) which is similar to an egroups programme in which people viewing the website can submit articles or comments for that page on the website and be emailed any fresh articles from that page on the site, or any comments on their articles, so it could become a kind of discussion group if you all wished it. So visit the website and get typing!
